City to Enforce Curfew Law

Usual Run of City Business Disposed of at Regular Session.

City Fathers assured a committee of Lehi mothers, who waited upon them at the regular September meeting Tuesday evening, that the curfew law and other ordinances pertaining to the welfare of the children of the community will be rigidly enforced in the future.

The committee, consisting of Mrs. Joseph Glover, Mrs. Harry Stoker and Mrs. Martha Ball, as representatives of the Lehi mothers, the Lehi Relief Society and the Lehi Tobacco League, asked if the city officials would lend their support to the tobacco league, enforce the curfew law and raise the age effected by this law from 14 years to 16 years, place lights on the school house and Wines Park lawns and in other ways help to stamp out the undesirable conditions that are effecting the lives of our children. In the discussion that followed it was said the other towns of the Alpine State were being asked to do the same thing and in some instances had already answered favorably. The committee reported that merchants here had been visited regarding the sale of tobacco and in most instances agreed to discontinue the sale of tobacco providing all other merchants of the town would do the same thing. It was thought that this could not be handled effectively unless the state legislature passes such a law but, regardless of this, every effort will be used to help in the matter of improving conditions as suggested by the committee and the council unanimously passed a resolution to this effect.

A representative of the Ruddleison & Tero engineering firm which has the Main Street paving in charge, was present at the meeting with plans and specifications for the proposed curb and curb paving. The specifications and plans were accepted and a set left for the use of bidders on the work. Bids must all be in by next Tuesday when the work will be awarded.

It was reported that work on the new Library-Memorial-City Hall building foundation will commence immediately. The weeds have been cleared away and other preliminary work is being done. It is planned to get the foundation work in this year.

Councilman Cotter reported the need of traffic regulations. The matter was referred to the Street Committee which will investigate and report.

A motion carried authorizing the sale of the City motor cycle for not less than \$150. It was pointed out that a light truck would be more useful to the city.

Councilman Lott reported that over 1600 had been collected for the use of water this season.

The matter of the transferring of Lehi Irrigation water stock to Bishop Henry Lewis, which he claims, was referred back to Councilman Dickerson for further investigation. Bishop Lewis reported that the transfer was not made when he purchased the property from the City although he has always used the water.

Councilman Dickerson reported that the North and South road from the junction to the State Road was in bad shape and needed repairing before winter. Matter referred to Street Committee.

The privilege to hold an open air dance on Main Street next week was granted to the Lehi Military Band. Usual monthly bills were allowed.

BAND DANCE FRIDAY

All means of foretelling coming events are harmonized and predict a big success for the Lehi Military band dance in Smulins Academy tomorrow (Friday) night. The Lehi band members are giving the dancing party and for several days tickets have been sold. A big jolly crowd

Timpanogas Road From Lehi

Every town in the vicinity of Old Timp. has layed claim to the mountain peak and are endeavoring to direct tourists to the mountain top over their trail. Lehi has in the past let things go by and others have been receiving the benefits from this class of spenders. But now, through the efforts of James Peterson and other citizens, Lehi has a route to the peak and the only thing left to do is to make the fact known. It is the shortest route from any northern point and can be made THE ROUTE if business people and city officials will use their efforts to advertise it.

Through the improving and opening of the road over Mitchell Hollow near the Thrasher farm and the widening of the street north of there a three rod road is obtained from the Old Experimental farm to the Alpine road east of the Highland school. The elimination of the deep ditches on the stretch of road above the Thrasher farm does away with the great objection formerly raised to this road.

The new route can start at Main Street on First East, go north across the Salt Lake Route track, east on the section line to the old experimental farm corner, north over the Whimpy hill through Mitchell hollow on up to the creek and then east, still on a section line to the Alpine road, thence into American Fork Canyon and to the new trail in South Fork.

Let's name and advertise the new Lehi route, place road signs and direct traffic this way to the wonderful peak, its glacier and the other wonders of our Wasatch mountains and scenic canyon.

PREVENT SPREAD OF DISEASES

People's attention is called to the fact that with the onset of winter and the commencing of school we always have an increase of contagious diseases. At the present time we are in common with the whole state in that we are subject to an epidemic of whooping cough.

This disease is responsible for a great many deaths, many more than is usually supposed. We urgently request that people report promptly any suspicious cases, especially in children of school age. This is the only means we have of stopping the spread of the diseases and stopping unnecessary deaths among the children.

Former Lehi Man Buried

Services For Owen T. Stewart Held Tuesday in First Ward.

Owen T. Stewart passed away at the family home in Spanish Fork, Saturday evening, following an illness of ten months. Death was caused from broncho pneumonia contributory to rheumatism. The real trouble started when he suffered lead poisoning at Park City over two years prior to his death.

The body was brought to Lehi Sunday by Undertaker N. O. Malan and prepared for burial.

Funeral services were conducted in the Lehi First Ward meeting house, commencing at 2 p. m. Tuesday, and were in charge of Bishop R. J. Whipple. The speakers were Mayor James H. Gardner, President A. J. Evans and Bishop E. Waddoups of Park City. A brief life sketch was read by Bishop Whipple. Singing consisted of selections by the ward choir, a quartet by Misses Lillian Knudsen and Melba Fox and Abraham and Joseph Anderson and a solo by Mrs. O. L. Kittinger. Invocation was pronounced by John Bushman, benediction by Carlos Schow and the dedication of the grave by W. W. Clark.

Mr. Owen T. Stewart was born in Lehi, February 8, 1874. He was reared and educated here. He took up mining as his occupation and has worked in most of the Utah camps. About eight years ago he went to Park City where he spent six years. There he was one of the men who drove the Snake Creek drain tunnel which unwaters the Park City district. While there he suffered lead poisoning and in 1918 moved to Spanish Fork where he has lived the past two years. He became seriously ill the latter part of 1919 since which time he has gradually become worse and for some time he has been confined to his bed.

He is survived by his wife, two married daughters, Mrs. Letha Miller of Spanish Fork and Mrs. Orpha Burbeck of Park City, two sons, Arthur and Russel, and numerous other relatives and friends.

Brief Sketch of The Life of Owen Thomas Stewart

Owen, son of Sarah P. Thomas and Arthur M. Stewart, was born in Lehi, February 8, 1874, was baptized a member of the church of Jesus Christ of Latterday Saints at the age of eight years and has always been a member of the same. He resided in Utah all his life and engaged in mining. On July 20, 1895, he was married to Geneva J. Evans.

While working in Park City he contracted lead poisoning, that caused other complications which resulted in his death. He passed away September 11, 1920, at Spanish Fork. His wife and four children, two sons and two daughters, survive him, besides his parents, one brother and five sisters.

VARNEY-EVANS

Miss Lela Varney, daughter of Mr. and Mrs. James Varney of American Fork, was married yesterday to Noble Evans of this city. The marriage took place in Salt Lake. The young couple will make their home here.

WOODS-KEMP

Last Wednesday in Salt Lake Miss Mary Woods, daughter of Mrs. John Woods, was married to Bert Kemp. The young couple will make their home in Magna.

LONG-GILES

Miss Leona Long, daughter of Mr. and Mrs. Felix Long, was married yesterday to Mr. Afton Giles. The ceremony was solemnized in the Salt Lake Temple. The young couple will make their home in the Lehi Second Ward.

SCOREY-THOMAS

Miss Jessie Scorey, daughter of Mr. and Mrs. Joseph Scorey, and Odell Thomas were married yesterday at Salt Lake City. Mrs. D. A. Thomas will entertain this evening in their honor. The young couple will reside in Idaho.

Relatives of Miss Belva Allred, daughter of Mr. and Mrs. P. H. Allred, received announcement of her marriage to Alma Stanfield at Salt Lake Wednesday, September 8th.

Farmers Discuss Sugar Beet Price for 1921

At the call of local Farm Bureau officers a meeting was held Monday evening in the Tabernacle when the sugar beet price and contract for the coming year was discussed.

The following proposed sliding scale was presented to the farmers for consideration and recommendations. Following a discussion of the question it was decided that the general principal of the proposed schedule was right. However they wished the price to include higher sugar and that

instead of major portion the initial payment to the farmer be made definite. Other minor changes were also inserted but as a whole the idea as set forth below was satisfactory.

President Lott was instructed to report this action to the county bureau representatives at their meeting at Provo Tuesday when they would jointly arrange details that this county wish placed in the contract. Later the various county representatives will meet and draw up a contract for next year.

PROPOSED PRICE SCHEDULE FOR 1921 BEETS

Average Annual Market Price of Sugar	Average test of Cosettes.						
	12%	13%	14%	15%	16%	17%	18%
4½ cents	4.20	4.55	4.90	5.25	5.60	5.95	6.30
5 cents	4.66	5.05	5.44	5.83	6.22	6.61	7.00
5½ cents	5.14	5.56	5.99	6.42	6.85	7.28	7.70
6 cents	5.60	6.07	6.53	7.00	7.47	7.93	8.40
6½ cents	6.20	6.72	7.23	7.75	8.27	8.78	9.30
7 cents	6.80	7.37	7.93	8.50	9.07	9.63	10.20
7½ cents	7.50	8.12	8.75	9.37	9.99	10.62	11.24
8 cents	8.20	8.88	9.57	10.25	10.93	11.62	12.30
8½ cents	8.90	9.64	10.39	11.12	11.86	12.60	13.34
9 cents	9.60	10.40	11.20	12.00	12.80	13.60	14.40
9½ cents	10.14	10.98	11.83	12.67	13.51	14.36	15.20
10 cents	10.66	11.55	12.44	13.33	14.22	15.11	16.00
10½ cents	11.20	12.13	13.07	14.00	14.93	15.87	16.80
11 cents	11.74	12.71	13.69	14.67	15.65	16.63	17.69
11½ cents	12.26	13.29	14.31	15.33	16.35	17.37	18.40
12 cents	12.80	13.87	14.95	16.00	17.07	18.13	19.20

Fractions of sugar prices and beet tests in proportion and prices of beets testing above or below percentages shown in table to be increased or diminished in the same proportion.

The tests of beets to be determined on the average content of the cosettes for the factory and not on individual growers beets.

The price of sugar to be determined on the yearly average from October 1st to September 30th following.

A major payment for beets to be

made on the 15th of the month following delivery to the factory. The amount to be paid to be determined by the price of sugar for the preceding period beginning October 1st (or September 15th). The company to retain a margin to protect the yearly selling price. Final payment to be made not later than September 30th following.

Have you selected seats for E. Forrest Taylor Company—"Pal O' Mine," Saturday 18th. adv.
